- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.

- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

Quick Race

Quick races allow you to test your mettle on any of the tracks you've unlocked so far versus AI controlled opponents.

Championship Season Racing

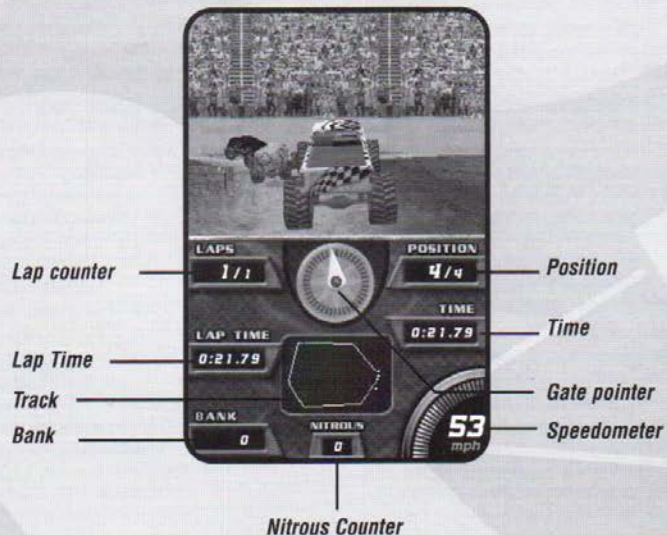

This is the career mode of Monster Trucks DS. Compete here against other trucks in a straight race to unlock new tracks, upgrade your vehicle and win the championship. If you place first or second you'll advance to the next track and earn money that you can use at the performance shop between races. Do well in this mode and you will be able to unlock additional tracks.

Head-to-Head

Want to take on your Monster Truck fanatic friends and kick some dirt up in their face? This is the mode to do it in. Monster Trucks DS allows you to race against a maximum of three other people. All your friends need is a Nintendo DS™ and a Monster Trucks DS Game Card.

To get started, select the "Head-to-Head" mode from the main menu and hit the **A Button** to host a multiplayer game. Anyone else who wants to play in your hosted game would select 'join multiplayer game' here. From there you'll be able to see who has joined. Once you're ready just hit start to begin.
